

Hi everyone

Well, the players certainly have settled in to their training routines and would be going to bed on Monday nights satisfied.

To be a representative player this year for the Bundaberg Team costs around \$300.00 per representative. CA sponsors the players for around \$140.00 and the remaining \$160.00 is provided by the parents. This money for 2007 covers:

- ❖ a training kit of a maroon shirt with a white strip under the arms, black shorts;
- ❖ a pair of playing socks that remain with the strip until the representative season is finished;
- ❖ water bottle;
- ❖ bucket hat;
- ❖ transport to all the away games;
- ❖ the end of year function; and
- ❖ team photo.

There will be NO training on Easter Monday, 9 April 2007.

Our first game is on the 22nd of April in Bundaberg. At this point in time we have not received the fixture, but hope to have it shortly.

When we do have home games, the canteen is open and support is provided by the parents of the representative players. Unfortunately, until the fixture has been received, the roster is not able to be set.

Everyone also needs to bear in mind and be aware that every endeavour is made to set the roster to allow everyone to watch their children play. However, it may not always be the case. So if your game is running over, please let the announcer & canteen convenor know, so they don't continue paging parents. If you are in the canteen, get someone to approach the announcer and get the incoming parents paged.

Below is the draw for the 2007 Wide Bay Championships:
